It would probably be easiest to have a call with him instead of going back and forth with messages.

Bob,

Let's discuss this. I think Tom can help but I don't want getting him up to speed to be an extra

burden.

Subject: Tower Standard Qs?

Hello Bob and Sherry.

My basic questions about Tower Standard – what is my current role? What role do you want me to play? How do I get access to site info?

There is the 3D webinar that is in the works and information will need to be uploaded to the SharePoint so the 3D modelers can do their magic. How do you want me to assist with that?

Maybe we can all chat over the phone within this week or early next, so I can be the best help to you and not an extra burden. Let me know. - Tom
